

THE CITY OF SAN DIEGO

July 24, 2013

TR 329, 922

Tim Splinter, Chair
c/o Tierrasanta Community Council
10488 El Comal Drive
San Diego, CA 92124

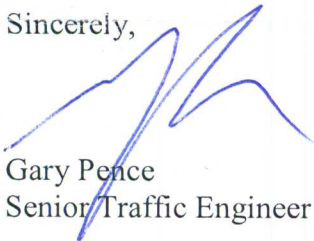

Dear Mr. Splinter:

This is regarding the posted speed limit on Clairemont Mesa Boulevard between Rueda Drive and La Cuenta Drive in the community of Tierrasanta. Local governments must follow the procedures set by the State of California when setting speed limits on public streets. The California Speed Trap Law (California Vehicle Code Section 40802) requires that the City survey the prevailing speeds on classified streets every seven years in order to keep our speed limits radar enforceable under the provisions of the law.

We have recently surveyed the above segment of Clairemont Mesa Boulevard and the results of the study indicate that the existing 40 miles per hour speed limit in the westbound direction must be increased to 45 miles per hour in order to remain radar enforceable. Therefore, we will be changing the posted speed limit to 45 miles per hour for westbound traffic. The eastbound direction will remain at 40 miles per hour.

It is our practice to notify the community planning groups before changing the speed limit. If you have any questions concerning this action please contact Jonathan Hardin (619) 533-3175 within the next 30 days.

Sincerely,

Gary Pence
Senior Traffic Engineer
