

COUNCIL POLICY

SUBJECT: NAMING OF CITY ASSETS

POLICY NO.:

EFFECTIVE DATE:

BACKGROUND

The City, through its departments, and advisory boards and commissions, has followed a number of processes/policies for *naming* or *renaming* its parks, libraries and other *City Assets*. Generally, these policies provide for the *naming* or *renaming* requests based on (1) the location of the *City Asset*, (2) the identity of an individual of historical significance to the local area, or (3) the identity of an individual or entity whose contributions to the City and/or the community supports the request. From time to time, the City has also named *City Assets* after a person or entity who has provided significant financial support for the *City Asset* being named.

The City wishes to replace any existing *naming* or *renaming* policies with one comprehensive citywide policy, as follows;

PURPOSE

The purpose of this policy is to establish uniform guidelines for *naming* and *renaming* of *City Assets*.

This policy outlines the criteria, conditions, and procedures that govern *naming* and *renaming* of *City Assets* in order to maintain their integrity, to encourage philanthropic giving while acknowledging public investments, and to safeguard against unwanted commercialization of *City Assets*.

This policy does not apply to:

1. Marketing Partnerships entered into under Council Policy 000-40, except that consideration should be given to Guiding Principles, Section C (Funding Criteria) below in regards to them;
2. The *naming* of public streets addressed in Chapter 12, Article 5, Division 11 of the San Diego Municipal Code (SDMC);
3. Artworks, which are exempt from this Council Policy. Artworks are defined and governed by San Diego Municipal Code 26.0701 et seq.;
4. Public safety-related assets;

5. Council Policy 100-02 (Donation Acceptance);
6. *Donor Acknowledgement*; and,
7. Council Policy 200-10 (Honorary Street Names).

POLICY

The policy of the City is to reserve *naming* or *renaming* of *City Assets* for circumstances that will best serve the City's interests and ensure a worthy and enduring legacy for the City. To this end, the City supports *naming* or *renaming* requests within the following broad categories:

1. Location. As a general policy, a name should assist the public in identifying its location. The City shall first consider the name of the community area, the names of nearby geographic features, and the names of adjacent schools and streets when it is considering a *naming/renaming* request.
2. Historic Events, People, and Places. The history of a major event, place, or person may play an important role to preserve and honor a community's history, landmarks, or prominent geographical features. The City may name a *City Asset* for a major event, place, or person of historical significance to the local area when the *City Asset* is associated with or located near the events, people, or places of historic, cultural, or social significance. The relationship of the event, person, or place to the *City Asset* must be demonstrated through research and documentation.
3. Outstanding Individuals. This category is designed to acknowledge individuals who have made substantial contributions to benefit the City, local community, park and recreation system, or public library. *Naming* or *renaming* a *City Asset* for an outstanding individual is encouraged for those person's whose significance and good reputation have been accepted in the community, City and or State/National history. If it is not appropriate to name the larger *City Asset* after an individual, then *naming* or *renaming* can be subordinate to the name of the larger *City Asset* or the City may name an area or portion of the *City Asset* after an individual, including but not limited to a meeting room, structure, fountain, garden, or collection.

In considering the *naming* or *renaming* of a *City Asset* after an individual, priority will be given to those who made a sustained and lasting contribution to:

- a. The City of San Diego
 - b. The State of California
 - c. The United States of America
4. *Major Donations*. The City has benefited from the generosity of residents, organizations, and businesses. The significance of *funding* may warrant acknowledging the *Funding Source* through *naming* or *renaming*.
- a. The threshold for *naming* or *renaming* a *City Asset* for an individual, organization, or business when *funding* is involved should include a *donation* agreement and one or more of the following:
 - i. A significant contribution towards the capital construction costs of the structure;
 - ii. A deed to the City of land for the majority of the *City Asset* by the *donor*; and/or
 - iii. A twenty-year endowment for the continued maintenance and operations of the *City Asset*.
 - b. *Donors* seeking *naming* or *renaming* rights for major *donations* with respect to an individual should use the guidelines for Outstanding Individuals above.

1. The mission of a *Funding Source* must not compete, impair or conflict with the policies, goals or operations of the City;
 2. The *Funding Source* must provide a desirable association;
